

QR Code for a Web Site Link

**The QR Code on the back of this card
is to the following web site:**

<http://www.edutopia.org/blog/qr-codes-education-mary-beth-hertz>

The article is titled:

“Using QR Codes in the Classroom”

Web Site Descriptor: The article by Mary Beth Hertz contains information about the use of QR codes in the classroom and in the school district.

QR Code to textual information

**The QR Code on the back of this card
provides textual information:**

When you scan the code, you should get the following information:

“What is a QR Code? A QR code (abbreviated from Quick Response code) is a type of barcode first designed for the automotive industry. You scanned a QR code to read this.”

The more text that is included in a QR code, the more “full” it becomes. There is a limit to how much can be included in a QR code.

QR Code for a YouTube Video

**The QR Code on the back of this card
is a link to a YouTube Video:
<http://www.youtube.com/watch?v=ayW032sKtj8>**

The video is titled:

“Black and White and Scanned All Over”

Web Site Descriptor: The video shares how McGuffey School District in Claysville, PA is using QR Codes to enhance learning opportunities for students.
